DIAGNOSTIC TOOLS

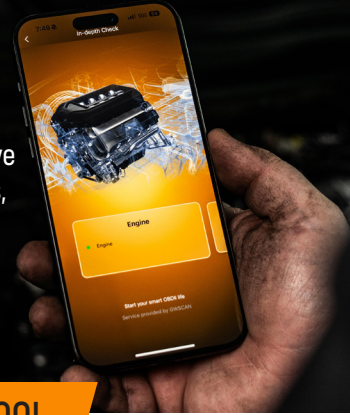

Professional Diagnostics That Break All The Rules

GTW GEARWRENCH

DIAGNOSTICS THAT BREAK ALL THE RULES

Unlock your inner mechanic with the tool that shows you what the pro knows. A must-have for every vehicle owner. The GWSCAN offers essential diagnostics with advanced features, covering 85+ vehicle manufacturers, a 2-year warranty, and free software updates—without breaking the bank. Diagnose and reset check engine lights from your driveway, saving time and money. Take control of your car care with confidence and convenience—choose GWSCAN.

EVERYDAY DIAGNOSTIC TOOL

- Read & Clear Codes**
 For all available systems
- OEM Level Diagnostics**
 Enables full system scans, showing manufacturer fault codes & definitions
- Continuous Vehicle Monitoring**
 Provides performance & driving behavior analysis
- OBDII Mode \$06**
 Monitors various systems to identify potential faults before they trigger a Diagnostic Trouble Code
- FREE Lifetime Software Updates**
 No subscriptions, no fees – EVER

Bluetooth Connectivity

For wireless communication to any iOS or Android device with free GWSCAN app

GEARWRENCH

DIAGNOSTICS THAT BREAK ALL THE RULES

For too long, techs have had to choose between unreliable tools that fall short of their needs and overpriced name-brand options that can lead to unnecessary debt. GEARWRENCH is changing that. Our GWSMARTBT provides advanced functionality with full system diagnostics, bidirectional programming, 23 pro vehicle reset/relearn functions, and live data mapping eliminating the need for compromise. No more missing features, no more hidden costs, and no more financial strain. With comprehensive coverage for over 180+ vehicle manufacturers, a 2-year warranty, and free lifetime software updates, we deliver a powerful solution that offers unparalleled value and performance—setting a new standard that other brands simply can't match.

PROFESSIONAL BIDIRECTIONAL DIAGNOSTIC TOOL

- Read & Clear Codes**
 For all available systems
- OE Level Diagnostics**
 Enables full system scans, showing manufacturer fault codes and definitions
- Full Bidirectional Control**
 Sends commands to the vehicle ECU to execute active tests on different vehicle components and subsystems
- 23 Pro Vehicle Reset/Relearn Functions**
 Throttle matching, ABS bleeding, TPMS reset, etc.
- FREE Lifetime Software Updates**
 No subscriptions, no fees – EVER

GEARWRENCH

DIAGNOSTICS THAT BREAK ALL THE RULES

As the dedicated handheld diagnostic tool in the GEARWRENCH lineup, the GWSMART05AU delivers true professional capability in a compact 5" device. Technicians will have access to OE-level diagnostics, full bidirectional control, intelligent DTC analysis, live data graphing, and 31+ essential reset/relearn functions, all without subscriptions or fees. With fast processing, a bright high-visibility display, and rugged shop-ready construction, the GWSMART05AU provides technicians with a powerful, reliable, grab-and-go solution for everyday diagnostics.

5" HANDHELD BIDIRECTIONAL DIAGNOSTIC TOOL

■ 31+ Pro Vehicle Reset/Relearn Functions

Throttle matching, ABS bleeding, steering angle calibration, injector coding, battery resets, transmission adaptations, TPMS resets, and more

■ Full Bidirectional Control

Activate components, run system tests, and command modules in real time with professional accuracy

■ View, Graph, Compare Critical Sensor Data

In real time to quickly identify irregularities and confirm system status helping technicians isolate issues faster

■ Free Lifetime Updates

No subscriptions, no renewals and no added costs

■ Fully AutoAuth/Secure Gateway-Ready

Allows performance of full-system diagnostics, bidirectional tests, and service functions on secure platforms with proper authentication

GEARWRENCH

DIAGNOSTICS THAT BREAK ALL THE RULES

Command it all – every function, every fix, every vehicle. GEARWRENCH is changing the game with the GWSMART10AU. This advanced tool offers full system diagnostics, bidirectional programming, topology mapping, 51 reset and relearn functions and live data mapping – all without compromise. With coverage of more than 180 vehicle manufacturers, a 2-year warranty, and 3 years of free software updates, GEARWRENCH delivers unmatched value and performance. Discover a new standard in automotive diagnostics – one that truly delivers.

10" PRO COMMAND WIRELESS BIDIRECTIONAL DIAGNOSTIC TABLET

■ 51 Pro Vehicle Reset/Relearn Functions

ABS bleeding, steering angle calibration, injector coding, battery resets, throttle matching, transmission adaptations, TPMS reset, and more

■ Advanced System Intelligence

Topology mapping for fast, visual system analysis

■ Full Bidirectional Control

Activate components, run system tests, and command modules in real time with professional accuracy

■ High-Speed Wireless VCI Included

Connects instantly with no cables, no clutter and no limits

■ Fully AutoAuth/Secure Gateway-Ready

Allows performance of full-system diagnostics, bidirectional tests, and service functions on secure platforms with proper authentication

■ Premium 256mm/10" Tablet

Engineered for full-time shop use, powerful processor, fast 5GHz Wi-Fi, long-life battery and rugged housing

■ Hi-Speed Wireless VCI, Rapid-Charge Dock, OBDII Main Cable, & Full 16-Piece Global OBD Connector Set Included

Stored in blow mould carrying case with designated space for all components

■ 3-Year FREE Software Updates

Only \$150 USD/year after first 3 years

GEARWRENCH

DIAGNOSTICS THAT BREAK ALL THE RULES

The GEARWRENCH GWTPMSAU Universal Tyre Pressure Monitoring System Programming & Diagnostic Tool is the ultimate solution for full TPMS control. Designed for speed and precision, it programs, activates, and relearns TPMS sensors across nearly every make and model with dual frequency 315MHz & 433MHz compatibility. Featuring a vivid 100mm (4") color display, wireless updates, and free lifetime software, the GWTPMSAU empowers technicians to diagnose and clear TPMS issues in seconds, keeping every vehicle and every shop running at full pressure.

UNIVERSAL TYRE PRESSURE MONITORING SYSTEM PROGRAMMING & DIAGNOSTIC TOOL

- Clear TPMS warning lights**
 Clear TPMS warning lights on nearly any vehicle in seconds
- 315/433MHz Dual Frequency**
 Works with both 315 MHz and 433 MHz sensors for maximum coverage
- Program Up To 8 Sensors Simultaneously**
 Seamlessly programs all GEARWRENCH branded TPMS sensors, up to 8 simultaneously
- FREE Lifetime Updates**
 No subscriptions, no renewals and no added costs
- Read/Clear TPMS Codes**
 Check sensor ID, position, pressure, temperature, and battery status
- Full ECU-ID verification**
 Confirms sensor matching status and OE data accuracy
- Flexible USB Type-C or Wi-Fi Connection**
 Options allow for wireless or wired connectivity
- Includes GWTPMSAU Tool, OBD Cable, USB-C Charger and Adapter**

*The GEARWRENCH GWTPMSAU works with GEARWRENCH branded TPMS sensors or pre-programmed sensors. When using pre-programmed sensors, ensure the part number matches the original OE sensor.

SEE EVERY DETAIL - EVEN WHERE OTHERS CAN'T.

When it comes to diagnosing modern vehicles, visibility is everything. Hidden features, internal damage, and hard-to-reach components can slow down repairs and leave technicians guessing. The GWSCOPE eliminates that uncertainty. Equipped with a sharp 1080p camera, four adjustable brightness levels, and a slim 8.5mm semi-rigid probe, the GWSCOPE navigates deep, narrow areas with ease. Its IP67 waterproof and dustproof probe, heat-resistant design, and rugged ergonomic handle ensure reliable performance in the harshest shop environments. Whether tracking down internal engine wear, inspecting wiring for damage, or verifying repairs without disassembly, the GWSCOPE brings every hidden detail into view.

HIGH-DEFINITION FLEXIBLE INSPECTION BORESCOPE

- 1080p HD Camera with 4 Brightness Levels**
 Provides crystal-clear inspections, even in dark or tight spaces
- 8.5mm x 1000mm Flexible Semi-Rigid Probe**
 Reaches deep, narrow areas with ease
- USB Type-C Interface**
 Enables compatibility with GEARWRENCH Diagnostics Tools, smartphones, tablets, and computers
- IP67 Waterproof & Dustproof**
 Delivers a durable design built for harsh shop environments
- Heat Resistant Up To 90°C**
 For reliable protection in extreme working conditions
- Photo & Video Capture**
 Enables recording images and videos for detailed inspections
